Dear friend
Many thanks for your Cards
The new Gas & Electric Building must be a very pretty sight at night with no dark corners anywhere near it. The spring snow-storm Card is a pretty scene & my word the snow does stick
I am very interested in the Pamphlets, it beats ours by a long way, but cost a good bit. I have one, I'll enclose an illustration of it if I can find one, it is worked by hand the best one can get of its kind, those worked by electricity are rather expensive & could not be used much
